

“For him who has conquered the mind, the mind is the best of friends; but for one who has failed to do so, his mind will remain the greatest enemy.”

Summary

Software Engineer with 7+ years experience specializing in full stack web development. Super nerd who loves JavaScript, Node.js and Go. Interested in devising a better problem-solving method for challenging tasks, and learning new technologies and tools if the need arises. Have worked extensively with JavaScript (React, Node.js, AngularJS).
